[image002.gif](#)

Thanks for moving this along Patti. While I had some questions/confusion about your 2-page draft, I am optimistic that we can work thru this once we focus together. I'm comfortable with Erin and Tom representing EPA at this next meeting. If there are disagreements or a need for policy decisions after this next mtg, I am anxious to hear them and help resolve. - Karen

Subject: BDCP NEPA/404 integration meeting request

Per David Nawi's request, please send me your availability to attend a meeting regarding BDCP NEPA/Section 404 integration and the possibility/desirability for a permitting MOU. Since the earlier we can meet on this and come to a common federal understanding the better, I'm proposing that we target Wed, Thurs, or Friday of next week (4/13, 4/14, or 4/15). Please forward this email to anyone I missed that you think should attend. Thanks.

which may be a computer program. This attached computer program could
contain a computer virus which could cause harm to EPA's computers,
network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses introduced
into the EPA network. EPA is deleting all computer program attachments
sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate, you
should contact the sender and request that they rename the file name
extension and resend the Email with the renamed attachment. After
receiving the revised Email, containing the renamed attachment, you can
rename the file extension to its correct name.

For further information, please contact the EPA Call Center at
(866) 411-4EPA (4372). The TDD number is (866) 489-4900.
